

Discrimination at the European borders

Project carried out by Migration and Human Right's group

Objectives

- What?
- Why?
- When?

Objectives

- Within the next two months, we will carry out a research highlighting the loopholes of the European entry system, through the examination of legislation and of individual stories;
- Within the next four months, we will find a partner (NGOs, international institution) that can help us
- Within a year, we will develop a text including 3 policy proposals on the subject

Objectives

- How? -> Research methodologies

To sum up...

- Outline a clear perspective
- This project will provide a number of benefits to both the European Union and the immigrants
